

## UC-151

### Frozen Drink Machine Counter Model

The UC-151 compact counter model frozen drink machine produces great slush drinks and frozen cocktails. The large clear dispensing head provides a visually appealing and colorful display. The Hard-O-Matic consistency control system results in a smooth, uniform drink. Use a neutral base with concentrated syrup flavoring for unlimited flavor selection, or specialize in a single flavor for more uniformity and faster dispensing. Whether it's frozen lemonade, apple cider, or an exotic cocktail, you will create some real interest and fun while earning big profits.

#### Features Include:

- Low mix warning light
- Continuous beater action attracts attention and maintains product quality
- Yields a premium product that is always ready to serve
- Quick freezedown and recovery
- Non-frosting dispensing head
- Drip-free dispensing plunger
- Exceptional product and flavor versatility

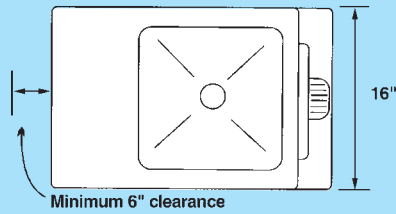

Carpigiani-USA manufactures a complete line of ice cream production equipment: Batch Freezers, Soft Serve Freezers, Yogurt Freezers, Slush Freezers, Milk Shake Machines, Whipped Topping Dispensers, Granita Machines, Frozen Custard Freezers, Mix Processing Equipment and Display Cabinets...

*Something for everyone!*
